

# 4th Australasian Constellation Intensive

## February 26 to March 4, 2018

---

You are warmly invited to join us for the 4th Australasian Constellation Intensive. Over six days in a beautiful setting overlooking the ocean a creative and dynamic space is created for immersion in the core principles of this multi-generational healing modality. Learning from masters in their respective fields, discover new and innovative applications in fields of therapy, health, education, coaching, organizations and other alternative modalities. With 4 different streams of learning the training is suitable for Professional or Personal Development

---

### About Systemic/Family and Organizational Constellations

There has been an explosion of interest in both Systemic/Family and Organizational Constellations from those working in coaching, therapy, education, business, health etc. Emerging out of family systems therapy, existential, psychodynamic and with elements of indigenous spiritualism Systemic/Family Constellations is an experiential and phenomenological approach at the leading edge of psychotherapeutic approaches. A brief and solution focused method it reveals deeper often hidden and unconscious dynamics in family systems and organizations and what is necessary for resolution.

Developed by Bert Hellinger in Germany it is now in more than 25 countries.

**The Training is a combination of lectures, workshops and experiential groups in a retreat like setting**

**Professional Development Points for PACFA, CAPA and GANZ members. Registered Psychologists can claim CPD hours to meet PBA requirements.**

---
